

Graduate Course Offerings

Department of Physics & Astronomy

Spring 2018

Please check with your research advisor or pre-candidacy advisor about course requirements that may exist for your specific research interests, and when best to take these courses.

Course #	Topic	Instructor	Time	Comment
PHYS 632	Advanced Research Techniques: Statistics, Data Analysis, Numerics	Wilkerson	MW/ 9:05am- 10:20am	New course emphasizing research techniques across wide range of disciplines at the Department.
PHYS 712	Electromagnetic Theory	Evans	MW/ 11:15am- 12:30pm	Required for Doctoral Written Exam
PHYS 722	Quantum Mechanics II	Khveshchenko	TR/ 11:00am- 12:15pm	
PHYS 741	Statistical Mechanics	Wu	TR/ 9:30am- 10:45am	Required for Doctoral Written Exam
PHYS 861	Nuclear and Particle Physics	Henning	WF/ 1:25pm- 2:45pm	
MTSC 720	Fabrication of Materials	Zhou	M/ 4:40pm- 7:10pm	
MTSC 735	Materials Techniques	Quin	TR/ 2:00pm- 3:15pm	
ASTR 701	Stellar Astrophysics	Cecil	TR/ 2:00pm- 3:15pm
